date submitted

FINANCIAL SUPPORT In order to enroll at Purdue University, you must provide evidence of financial support for your educational and living expenses for a twelve-month period totaling at least **\$40,650.00** (Subject to Change)
No financial aid is available for international students.

NOTE: Additional evidence of financial support for your spouse and each child coming with you to Purdue University must be provided.

INDICATE THE SOURCE OF FINANCIAL SUPPORT FOR YOUR EDUCATION:

NAME OF SPONSOR _____ RELATIONSHIP TO YOU _____

ADDRESS OF SPONSOR _____

If you are admitted to Purdue University, you will be required to complete a NOTICE OF INTENT (NOI) form which will be mailed with your letter of admission. You must return the NOI to this office with official financial support documents, a copy of your passport, and a fee deposit before an immigration document will be prepared and mailed to you.

- Applications received less than six months before the date of entry will be considered only as space and time permit.
- A non-refundable **application fee of \$50.00** must accompany your initial application. Applications cannot be processed until the application fee has been received at Purdue.
- A personal statement is required. You may also provide additional details about your background or academic criteria – Information that the Admissions Committee may find helpful during the review of your application. (Attach as a separate sheet)
- Letters of recommendation are not required; however, you may submit one or two if you wish.
- You will be required to purchase health insurance for full accident and hospitalization coverage before you will be allowed to register for your classes at Purdue University. Detailed information will be made available in a future mailing.
- Return this application, all supporting academic documentation, and the \$50.00 application fee to:

**Office of International Students & Scholars
Purdue University
475 Stadium Mall Drive, Schleman Hall Room 136
West Lafayette, In 47907-2050 USA**

THANK YOU FOR YOUR INTEREST IN PURDUE UNIVERSITY!

Application Checklist

Please provide the following:

- **Signed International Student Application for Admission** with answers to all items;

- **Official or certified true copies of all secondary school records** including grades for all courses completed to date and your most recent examination certificate, in sealed envelopes from your school or examination board;

- **Official results** from the SAT, TOEFL, and or GCE or IELTS; Scores must be received from testing center.

- **Official or certified true copies of all university records** from each college, university, or technical school attended, in sealed envelopes from the institution, in addition to official secondary school transcripts;

- **\$50.00 nonrefundable application fee** (drawn on a U.S. bank in U.S. funds, payable by check or money order to Purdue University) if you have never attended a Purdue campus;

- If you are admitted to Purdue University, you will be required to complete a NOTICE OF INTENT (NOI) form, which will be mailed with your letter of admission. You must return the NOI with:
 - official financial support documents from your sponsor's bank
 - a copy of your passport
 - a completed "Transfer Form" and copy of your current I-20 if you are currently attending a U.S. school
 - a fee deposit

Thank you for considering Purdue University for your future studies.

MAJORS

You must select a college/school and area of study on your application, which will be evaluated based on admission requirements and space availability in that area of study.

Preprofessional Studies

Students who are preparing for a professional program should choose a major based on their academic interests and abilities. Strong grades, demanding courses, and a well-rounded curriculum are more important than a student's major. In fact, professional programs such as medical schools, dental schools, and law schools accept all undergraduate majors.

Students should consult with their Purdue academic advisor regarding professional goals. Students interested in medical school or other health professions also may contact the Health Professions Advising Office, (765) 494-4747, if they have questions about health careers, prerequisite courses, and other activities that will utilize their abilities and enhance their opportunities for acceptance into healthcare programs. Students interested in other professional programs may contact the Purdue college/school to which they are seeking undergraduate admission.

College of Agriculture (A)

Agribusiness Management
Agricultural and Natural Resources Engineering
Agricultural Communication
Agricultural Economics
Agricultural Education
Agricultural Finance
Agricultural Systems Management
Agronomic Business and Marketing
Animal Agribusiness
Animal Production
Animal Products
